# Steps to Contribute using Binance Coin

All investors who wish to contribute using Binance coin (BNB), will need to follow the below procedure.

1. Visit the below URL

   https://etherscan.io/address/0xB8c77482e45F1F44dE1745F52C74426C631bDD52#code

2. Copy the section entitled "Contract ABI"

3. Visit the below URL

   https://www.myetherwallet.com/#contracts

4. Enter the following under "Contract Address"

   0xB8c77482e45F1F44dE1745F52C74426C631bDD52

5. Paste the "Contract ABI" from Step # 2 into the box under "ABI / JSON Interface"

6. Click the "Access" button

7. Click on "Select a Function"

8. Choose "Approve"

9. Enter the Private Sale Contract Address in the box under "_spender address"

10. Enter the amount you want to contribute in the box under "_value unit256"

11. Select the way you would like to access the wallet where you hold your Binance Coins (example: MetaMask / Mist, Ledger Waller, etc.)

12. Complete authentication and access to your wallet

13. Click "Write"

14. Confirm the "Amount to Send" and the "Gas Limit"

15. Click "Generate Transaction"

16. Once the above transaction is approved and successfully processed, launch a new tab and visit the below URL:

    https://www.myetherwallet.com/#contracts

17. Paste the "Contract ABI" under <<replace with private sale etherscan address>>> and the contract address of the private sale

18. Select "contributeInBNB" under the list of functions

19. Access your wallet where you hold you Binance Coins

20. Complete the processing of the transaction
